

# UCT MPhil in Conservation of the Built Environment

*Online info sessions*

Wed 23 September, 1-2 pm

Thu 15 October, 4-5 pm

**Zoom link:**

**<https://uct-za.zoom.us/j/94269623522?pwd=ZzhDSIBWc3Z0Z1RqUURVV3ZtZkxqUT09>**

**Meeting ID: 942 6962 3522 Password: mphil**

**Are you interested in: heritage, collective memory, architectural conservation, urban history, cultural landscapes, heritage management and policy, spatial transformation, the relationship between heritage and justice, and sustainable futures? Are you seeking an academically rigorous but practical postgraduate degree, suitable for part-time students and working professionals?**

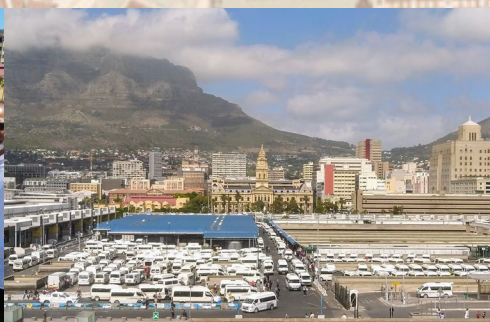

The MPhil in Conservation is a **two-year, part-time, internationally recognized Masters degree** that will equip you to work in a wide range of heritage-based careers, or to pursue further study.

We welcome applicants from a diverse range of professional and academic backgrounds: architecture, historical studies, planning, geography, humanities, arts, education, museum studies, design, construction management, tourism, archaeology, public administration, and many more.

You don't need to live in Cape Town; in 2021 courses will be offered primarily online, with possible short contact teaching blocks later in the year, given the unpredictable context of Covid-19.

*Join an info session, email us or check our website for more information. Or, to apply now, visit:*  
*<http://applyonline.uct.ac.za>*

**Applications close 30 November 2020**
